

oven solutions

With the perplexing number of ovens and oven/cooktop combinations available on the market today, it's difficult to decide which is the right oven for you and your family or entertainment requirements.

Omega solves the puzzle for you by making it easy to choose which oven best suits your needs, as well as providing a full range of matching and stylish cooktops, rangehoods and other appliances.

From standard or side-door opening 60cm ovens through to double ovens, portables, uprights, or 10 function fully electronic 90cm models, whether they be underbench, wall-mounted or free standing, there's an Omega oven to perfectly suit your needs as a cook and will also complement your family home with style and functionality.
