Stop your profits going up in smoke...

BOTTOM LINE

- \$8 per candle
- per year

based on 6 hrs per day, 10,500 hrs lifespan or 700 recharges.

Smart Candle provides a safe, highly cost effective, versatile and realistic alternative to real wax or naked flame lighting, without substituting candlelit ambience.

The wind resistant Smart Candle is used safely @work, @events or @home, and remains the global market leader for the world's leading Resorts, Bars, Restaurants, Event Organisers, Boating, Hotels and Spas.

Simply a host's delight!

Rechargeable Sets

- 12 hours of flickering candle light per charge
- 8 hour simple dock and recharge system
- Long-lasting wind-proof ambient light
- Multi-Tray Recharge Station:
- Up to 4 Charging Trays can be connected using one Adaptor
- Individual Candle ON/OFF Switch
- Battery Charge Indicators
- Dual Standard and Silicone Candle Docking

Available Colours: Check our website for available colours for each product.

Practical Smart Holders available in Contemporary, Retro and Classic styles.
